

## Stuffed Biscuits

1 tube Grands biscuits...your choice

1 lb tube sausage..your flavor..cook, crumble..set a side – could alternatively use 1 lb. bacon.

4 cups grated cheese..your choice

6 eggs softly scrambled and set aside

Set your biscuits out to come to room temp....necessary.

You will need a muffin pan. Not cup cake.

Flatten each biscuit and form it in each cup. The biscuit should line the cup. It is ok if the

biscuit over flows the cup. Now you start layering the

other ingredients. I usually start with cheese.

Continuing layering.

I use the last of the cheese to

top them off. Bake as the package says.

Enjoy.
